

IMPORTANT INFO ON THE COMPETITION

-All drivers are required to provide proof of medical insurance (a copy of their card or their parent's medical card - if student is covered under their parents). A copy of the card will be kept in the team file. Faxed copies are ok.

-In order to be eligible to participate, team members must be ASABE and/or CSBE Student Members. This includes any drivers / presenters / pit crew, etc. Students attending the competition who are not members - are considered spectators and can not drive, help in the pits or give any part of the presentations. ASABE student dues are affordable and membership has a number of benefits.

-We will have information - such as Grainger catalogs, local phone books, and lists of machinists at the competition in case of a breakage or other problems. See the registration desk for these items.

-There will be a welder available for repair and minor modifications. If you have something serious like an axle failure on Saturday - we will send you to a machinist in the area who can assist you. There would be a fee for this type of service.

-If you think you will need a generator - you should bring your own.

-We will be having the annual Jim and Darcy Schmidt Family Cook-Off again this year. The exact time will be determined later. Please bring a dish that is representative of your local area and plan to bring all of the cooking utensils you will need for your recipe (including a grill or other warming device). There will be electricity available.

-Team presentations will take place at a Caterpillar facility in the area. Each team will have access to video projector and screen. Please bring your own laptop.

-Fire suits and helmets will be available for those who can not bring their own.

-The rules will be the basis for technical inspections - make sure you comply with them ahead of time.

-There will be a ramp available to unload tractors from pickup trucks or high trailers, at the event.

-There will be competition t-shirt for sale with the team names on the back.

-There will be a professional announcer for the main Tractor Pull event. Prior to the competition your team will be asked to fill out a Team Information form. The form will request information about your team (such as the team name & who the drivers are for each class) as well as interesting information about your team and tractor. The will use this info as filler between the pulls.
