Electronic Poster Session
Seelbach Hilton
Monday, February 9th, 2015: 11:00 am to 12:00 pm
Location: Common Area

Researchers, students, and practitioners are invited to present their work in the form of an electronic poster presentation during the conference. Participation by undergraduate (research or design project) and graduate students is encouraged. Please see the next pages for details regarding how to develop your presentation.

There is no additional fee for participating in the Electronic Poster Session.

For more information, contact the Meetings Department at hein@asabe.org (269-429-0300, x 7040).

Title of Presentation: ___________________________________________________________
Authors: _____________________________________________________________________
Presenter: ___________________________________________________________________
Affiliation: __________________________________________________________________
Address: _____________________________________________________________________
City/State/Zip: __________________________________________________________________
Email: ______________________________________________________________________
Brief Abstract: ________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________
____________________________________________________________________________

Return this form to Meg Hein via email at hein@asabe.org or via fax at (269) 429-3852. Thank you!
Guidelines for Preparing the Electronic Poster

The main goal of the electronic poster session is to convert the content found in a typical poster into an electronic media format. As with standard posters, the electronic version may include introduction, materials and methods, results and discussion, and conclusion sections.

General information:
- A 24” monitor will be available for each presenter which includes power and the cable for computer connection.
- Please bring your own laptop to interface with the monitor. A laptop may be available in the event you cannot bring one; please contact Sharon if this will be an issue.

Presentation information:
- Presentation should be in Microsoft PowerPoint format (other software formats (e.g., Prezi may be used as well).
- Breadth of information should be comparable to a typical poster.
- Each presenter will have 10 minutes for their presentation. A total of 20 minutes will be allowed which will allow for up to two screenings of your presentation.
- Presentations must be formatted to automatically progress through the slides in a sequence similar to the following (see below for setting time transitions):

<table>
<thead>
<tr>
<th>Slide</th>
<th>Description</th>
<th>Time (sec)</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>Title/Presenter</td>
<td>15</td>
</tr>
<tr>
<td>2</td>
<td>Outline</td>
<td>15</td>
</tr>
<tr>
<td>3</td>
<td>Background</td>
<td>60</td>
</tr>
<tr>
<td>4</td>
<td>Objectives</td>
<td>30</td>
</tr>
<tr>
<td>5</td>
<td>Methods I</td>
<td>60</td>
</tr>
<tr>
<td>6</td>
<td>Methods II</td>
<td>60</td>
</tr>
<tr>
<td>7</td>
<td>Results I</td>
<td>60</td>
</tr>
<tr>
<td>8</td>
<td>Results II</td>
<td>60</td>
</tr>
<tr>
<td>9</td>
<td>Results III</td>
<td>60</td>
</tr>
<tr>
<td>10</td>
<td>Conclusions/Acknowledgements</td>
<td>60</td>
</tr>
<tr>
<td>Total (min)</td>
<td></td>
<td>08:00</td>
</tr>
</tbody>
</table>

- While this sequence may be adjusted slightly (# of slides and time per slide), the overall presentation must not exceed 10 minutes in total time. This will allow for a minimum of two viewings during the allotted presentation time.
- A brief (1-2 minute) Q&A period may follow each screening.
Transitions in MS PowerPoint:
Click on the “Transitions” tab at the top of the screen:

At the far right, check off “On Mouse Click” and check on “After” and select time for slide to progress:
