

An invitation to join CSBE-SCGAB/ASABE ...

... the societies for engineering in agricultural, food, and biological systems.

Who belongs to CSBE-SCGAB/ASABE?

The Canadian Society for Bioengineering (CSBE-SCGAB) and the American Society of Agricultural and Biological Engineers (ASABE), are two worldwide educational and scientific organizations of members dedicated to the advancement of engineering applicable to agricultural, food, and biological systems, including the environment and natural resources, and to associated industries.

More than 9,000 CSBE-SCGAB/ASABE members have careers in industry, government, research laboratories, classrooms, and as consultants. They work together through the Societies to build and share their technical knowledge and skills.

CSBE-SCGAB/ASABE is for people who need to make wise career decisions, who want to keep on top of emerging technological trends, and who believe they can make a difference.

Membership in CSBE-SCGAB/ASABE will help you make better on-the-job decisions and solidify your credentials as a professional.

Why should I join?

Increase your professional status. Whether you attend meetings, present technical papers, help draft industry standards, publish in technical journals, or serve on any of nearly 180 committees, you'll get the professional recognition that you won't find anywhere else.

Networking and leadership opportunities. Membership provides a chance to develop professional relationships with peers who share the same career interests and challenges.

ASABE Online Technical Library. Access the full-text of all ASABE technical publications online including journals, proceedings, monographs, technical papers, reference books and textbooks. The ASABE Online Technical Library contains over 100,000 pages of technical material. Access to the full text of the vast majority of ASABE standards is also a member benefit through the library. Annual membership includes Library credits for downloading up to five ASABE standards and 100 downloads for other documents types at no charge. Bundled credit packages are available at a discounted member rate if needed.

Contribute to your profession. Your participation means you will influence the future of engineering for

agricultural, food, and biological systems. CSBE-SCGAB/ASABE represents your professional interests.

What's included in my membership?

Canadian Biosystems Engineering. All papers are now published on the Web as they are peer reviewed and accepted. Members have access by password at no charge. Printed copies will be available at the end of the year for an additional fee.

Generous discounts on publications, ASABE standards, journals, meetings and group insurance. Recover your dues with substantial member discounts on conferences and printed technical publications.

Awards and recognition. More than 20 international awards recognizing outstanding achievements and advancements.

Resource: Engineering & Technology for a Sustainable World. This magazine reports on technologies affecting engineering for agricultural, food, and biological industries today and tomorrow.

The **CSBE-SCGAB Perspectives Newsletter**, published electronically four times annually, reports regional events, commentaries, notices for meetings, call for papers and other current items of interest.

Inside ASABE. An electronic newsletter delivered monthly which reports activities, meetings, awards, and opinions of the Society. Learn more about your colleagues in the professional network of ASABE/CSBE-SCGAB.

Employment opportunities. Job openings are published monthly in *Resource* magazine and listed online at www.asabe.org through the ASABE Career Center. As a member, you join a network of thousands of professionals working in industry, academia, and government.

How much are dues?

Annual dues are:

\$ 42 for graduate students,

\$151 for members aged 34 and under,

\$193 for members 35 to 64,

\$ 86 for members 65 to 74,

\$ 11 for members 75 and older,

plus an additional one-time application fee of \$10.

Membership benefits start upon payment of dues. Payments must be in Canadian currency. We can charge membership to your credit card. Full-time undergraduate students, please inquire about student/preprofessional membership.

CSBE-SCGAB/ASABE Membership Application

Return Application to:

Ali Madani
2028 Calico Crescent
Orleans, ON K4A 4L7 Canada

Students, please complete a student membership application.

I submit the following for I am a graduate student		Membership	Reinstatement	PREFIX	Mr.	Ms.	Mrs.
