

# TECHNICAL TOURS

**TT#1**  
**NANOFABRICATION CENTER**  
**UNIVERSITY OF MINNESOTA, MN**  
 Friday, June 15  
 2:00PM-4:30PM

This is one of the NSF funded National Nanotechnology Initiative Network. This is located at the Electrical Engineering building of University of Minnesota. The tour will consist of visiting the infrastructure of the nanofabrication center.

COST: \$40 per person (minimum 15)

**TT #2:**  
**CENTER OF BIOREFINING**  
**UNIVERSITY OF MINNESOTA, MN**  
 Friday, June 15  
 2:00PM-4:30PM

The Center for Biorefining is affiliated with the University of Minnesota Initiative for Renewable Energy and the Environment to coordinate the University efforts and resources to conduct exploratory fundamental and applied research; provide education on bioenergy, biochemicals and biomaterials; stimulate collaboration among the University researchers, other public sector investigators, and private investigators involved in biobased production technology development; promote technology transfer to industries; and foster economic development in rural areas.

COST: \$40 per person (minimum 15)
