

# SPONSORSHIP

**SPONSORED BY:**

The American Society of Agricultural and Biological Engineers (ASABE)

**CO-SPONSORED/ENDORSEMENTS:**

At the time of print, ASABE has invited representatives from various trade association, professional societies, organization, companies, government agencies or department, private industry or consulting agencies/firms for their endorsement or co-sponsorship of the Biological Sensorics: Critical Technologies for Future Biosystems Conference.

ASABE will not print or acknowledge any trade association, professional societies, organization, companies, government agencies or department, private industry or consulting agencies/firms without written receipt by an authorized representative stating their specific support of the Biological Sensorics: Critical Technologies for Future Biosystems Conference. A complete list of co-sponsors and endorsement agencies will be included in the preliminary program.

We will appreciate sponsorship of one or more of the sessions.

For more information please contact:
