

# An invitation to join CSBE-SCGAB/ASABE ...

... the societies for engineering in agricultural, food, and biological systems.

## Who belongs to CSBE-SCGAB/ASABE?

The Canadian Society for Bioengineering (CSBE-SCGAB) and the American Society of Agricultural and Biological Engineers (ASABE), are two worldwide educational and scientific organizations of members dedicated to the advancement of engineering applicable to agricultural, food, and biological systems, including the environment and natural resources, and to associated industries.

More than 9,000 CSBE-SCGAB/ASABE members have careers in industry, government, research laboratories, classrooms, and as consultants. They work together through the Societies to build and share their technical knowledge and skills.

CSBE-SCGAB/ASABE is for people who need to make wise career decisions, who want to keep on top of emerging technological trends, and who believe they can make a difference.

Membership in CSBE-SCGAB/ASABE will help you make better on-the-job decisions and solidify your credentials as a professional.

## Why should I join?

**Increase your professional status.** Whether you attend meetings, present technical papers, help draft industry standards, publish in technical journals, or serve on any of nearly 180 committees, you'll get the professional recognition that you won't find anywhere else.

**Networking and leadership opportunities.** Membership provides a chance to develop professional relationships with peers who share the same career interests and challenges.

**Electronic access to ASABE.** All ASABE technical information including journals, standards, meeting and conference papers, textbooks and monographs are published in both print and Web format. This currently represents over 85,000 pages, with 15,000 pages added each year, available to you as a benefit of membership. You may also register for meetings and conferences online as well as view the *ASABE Member Roster*.

**Contribute to your profession.** Your participation means you will influence the future of engineering for agricultural, food, and biological systems. CSBE-SCGAB/ASABE represents your professional interests.

## What's included in my membership?

**Canadian Biosystems Engineering.** All papers are now published on the Web as they are peer reviewed and accepted. Members have access by password at no charge. Printed copies will be available at the end of the year for an additional fee.

**Generous discounts on publications,** ASABE standards, journals, meetings and group insurance. Recover your dues with substantial member discounts on conferences and printed technical publications.

**Awards and recognition.** More than 20 international awards recognizing outstanding achievements and advancements.

**Resource: Engineering & Technology for a Sustainable World.** This magazine reports on technologies affecting engineering for agricultural, food, and biological industries today and tomorrow.

The *CSBE-SCGAB Newsletter*, published electronically four times annually, reports regional events, commentaries, notices for meetings, call for papers and other current items of interest.

**Inside ASABE.** An electronic newsletter delivered monthly which reports activities, meetings, awards, and opinions of the Society. Learn more about your colleagues in the professional network of ASABE/CSBE-SCGAB.

**Employment opportunities.** Job openings are published monthly in *Resource* magazine and listed online at [www.asabe.org](http://www.asabe.org) through the ASABE Career Center. As a member, you join a network of thousands of professionals working in industry, academia, and government.

## How much are dues?

Annual dues are:

\$ 45 for graduate students,

\$159 for members aged 34 and under,

\$203 for members 35 to 64,

\$ 91 for members 65 to 74,
