ASABE ADOPTS UPDATED ISO STANDARD FOR AGRICULTURAL SPRAYERS AND FERTILIZER DISTRIBUTORS

ST JOSEPH, MICHIGAN— The American Society of Agricultural and Biological Engineers (ASABE) has completed the adoption of an international standard, ISO 4254-6:2020, for agricultural sprayers and liquid fertilizer distributors.

Designated ANSI/ASABE AD4254-6:2020 FEB2021, Agricultural machinery—Safety—Part 6: Sprayers and liquid fertilizer distributors, the adoption aligns North American design practices for such equipment with the updated international standard.

The adoption will further harmonize national and international standardization, a goal that facilitates manufacturing, safety advancements, and product marketing worldwide.

ASABE members with standards access and those with site-license privileges can access the standard’s scope electronically on the ASABE online Technical Library at elibrary.asabe.org/. The standard can be purchased by contacting ASABE headquarters at OrderStandard@asabe.org.

ASABE is recognized worldwide as a standards developing organization for food, agricultural, and biological systems, with more than 280 standards currently in publication. Conformance to ASABE standards is voluntary, except where required by state, provincial, or other governmental requirements, and the documents are developed by consensus in accordance with procedures approved by the American National Standards Institute. For information on this or any other ASABE standard, contact Scott Cedarquist at 269-932-7031, cedarq@asabe.org. A current listing of all ASABE standards projects can be found on the ASABE web site at www.asabe.org/projects.

ASABE is an international scientific and educational organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems. Further
information on the Society can be obtained by contacting ASABE at (269) 429-0300, emailing hq@asabe.org or visiting www.asabe.org/.
