### **ASABE WITHDRAWS SOLID BIOFUELS STANDARD FOR GRADED WOOD CHIPS**

ST JOSEPH, MICHIGAN— The American Society of Agricultural and Biological Engineers (ASABE) has administratively withdrawn ANSI/ASABE AD17225-4:2014 FEB2018ED, Solid biofuels — Fuel specifications and classes — Part 4: Graded wood chips.

This ISO adoption was administratively withdrawn in accordance with ASABE Standardization Procedures after failing reaffirmation. ISO 17225-4:2014 can be purchased through resellers, such as ANSI or S&P Global. ASABE does maintain historical copies of all standards which have been withdrawn.

ASABE is recognized worldwide as a standards-developing organization for food, agricultural, and biological systems, with more than 280 standards currently in publication. Conformance to ASABE standards is voluntary, except where required by state, provincial, or other governmental requirements, and the documents are developed by consensus in accordance with procedures approved by the American National Standards Institute. For information on this or any other ASABE standard, contact Scott Cedarquist at 269-932-7031, cedarq@asabe.org. A current listing of all ASABE standards projects can be found on the ASABE web site at [www.asabe.org/projects](http://www.asabe.org/projects).

ASABE is an international scientific and educational organization dedicated to the advancement of engineering applicable to agricultural, food, and biological systems. Further information on the Society can be obtained by contacting ASABE at (269) 429-0300, emailing [hq@asabe.org](mailto:hq@asabe.org) or visiting [www.asabe.org/](http://www.asabe.org/).
